Darci Lang

For over 30 years, Darci has been speaking and sharing her belief that each of us can hold a magnifying glass in front of our lives and choose to either focus it on the 90% we can control, the positive and beneficial, or the 10% we can't control, those things and people that bother us and drag us down.

Darci wrote her first bestselling book, Focus on the 90%, One Simple Tool to Change the Way You View Your Life. This was the beginning of a life-changing four-book 90% philosophy series that helps you focus, live, lead and embrace your life journey to the fullest.

Darci is proud to live in Saskatchewan and loves her quiet suburban life with her husband, Darren, adult children and rescue pets. Darci embodies the same philosophies she shares on stage and off, speaks from the heart and has an urgency to help people make a better life for themselves.
